SUBJECT: Reallocation of Production Responsibility
for Certain Subtopics of NIS Section 45

REFERENCE: Memorandum from Army Representative,
NIS Committee, to Chairman, NIS Committee,
dated 21 July 1960; Subject: NIS Section 45

1. Reference memorandum proposed that Army production responsibility for Section 45 be reduced to subtopics C. 1. b. and D. 2., and that existing Army responsibility for subtopics B. 1., B. 5., and B. 6. be reallocated.

2. After examination of this matter, the Office of Scientific Intelligence, CIA, has agreed, with the stipulations noted, to increase its production responsibility for Section 45 to include subtopics B. 1., B. 5., and B. 6 as described in NIS Standard Instructions.

3. The Office of Scientific Intelligence stipulates that, although Army will no longer produce subsections B. 1., B. 5., and B. 6. in finished form, Army will provide OSI with the basic information from military sources of the nature and scope heretofore required for Army production of these subsections.

4. The Office of Scientific Intelligence further stipulates that Army will submit satisfactory subtopics C. 1. b. and D. 2. which are in accordance with the requirements set forth in NIS Standard Instructions and which adhere to scheduling of Sections 45 and lead times which will be determined by OSI. These subcontributions will be processed by OSI as designated coordinator for NIS Section 45.

5. The subject reallocation, upon approval by the NIS Committee, will become effective with respect to Section 45 to be produced after the completion of production scheduled for Fiscal Year 1961.
